Chairperson's Report

Dot Seiffert

Lake Macquarie Sustainable Neighbourhood Alliance, 2016-17
Annual General Meeting, Tuesday 21 November 2017

I've very pleased to report on the status and achievements of the Lake Macquarie Sustainable Neighbourhood Alliance and our member groups over the 2016-17 financial year.

Again this year, Sustainable Neighbourhood groups have been creating a range of excellent events and projects that bring us together, educate each other, and help make our neighbourhoods even better. We estimate that together we have held 181 events, and contributed over 3,300 hours of volunteer work in the last financial year. A summary of recent events and projects is attached for your information.

Sustainable Neighbourhood Groups won two of the 2017 Lake Mac Australia Day Awards.

- Cardiff Area Sustainable Neighbourhood Group won Community Group of the Year; and
- Wangi Area Sustainable Neighbourhood Group won Community Event of the Year for their Wangi Centenary Celebrations

We welcomed two new member groups:

- Rathmines Area, and
- Warners Bay Area

This year has seen the formal dissolution of two of our member groups in Jewells Area, and Wangi Area. While disheartening to see groups become inactive, we would also like to congratulate both of these groups for their successes, particularly the Wangi Area Sustainable Neighbourhood Group for their Centenary Celebrations, and Scarecrow Competition events.

This year has also seen the completion of the major review of the Sustainable Neighbourhoods program. The process engaged with volunteers, Council staff, and other stakeholders to determine the current status of the program, and identify our strengths and priorities for the future direction of the network. This review has revealed seven key recommendations which we will use to develop a strategic plan over the next 6 months.

As our core functions are now established and working well, the Alliance's priority is to ensure the effectiveness of the Sustainable Neighbourhood network in the long term. We remain dependent on direct and in-kind support from Council, and are very appreciative of Council's significant contribution in initiating the program and providing staff time, direct financial assistance, and grant opportunities. We have some assurance from Council that this arrangement will continue in 2018.

I'd like to convey our appreciation to our current board members for each of their contributions, and for taking on significant responsibility on behalf of the Sustainable Neighbourhoods network.

 Robyn Charlton Board member September 2011 to October 2013 and November 2015 to present. 	 Avril Lockton Board member April 2012 to present.
 Indra Deamer Board member November 2015 to present. Secretary November 2015 to November 2016. 	 Jean McGarry Board member July 2011 to present. Treasurer September 2011 to present.
 Steve Dewar Board member October 2012 to present Secretary November 2016 to present. 	 Colin Mondy Board member September 2011 to present. Public Officer October 2012 to present.
 Norbert Lica Board member September 2011 to present. 	 Dot Seiffert Board member July 2011 to present. Chairperson September 2011 to present.

Finally, I would like to add our sincere appreciation for all volunteers from local Sustainable Neighbourhood Groups who make such an amazing contribute to sustainability in our community.

All of the volunteers who are on local committees, come up with and organise different activities and projects, attend events, talk with their communities, organise meetings and monitor email accounts and write meeting minutes, and all the day to day tasks that go in to making these projects and events happen.

Many volunteers regularly go above and beyond to create innovative community projects that are bringing our community together, educating each other about sustainability issues, and improving our environment. We appreciate the time and energy you are contributing and look forward to supporting you continue to do the excellent work you are doing.

Lake Macquarie Sustainable Neighbourhood Alliance, 2016-17 Annual General Meeting, Tuesday 21 November 2017

Treasurer's Address

Members of the Lake Macquarie Sustainable Neighbourhood Alliance (LMSNA), your committee has now completed its sixth year of operation as an 'incorporated, not for profit organisation' and we owe our most sincere appreciation to Lake Macquarie City Council for its support through financial contributions and advice, in the operation of this committee.

We particularly must, on record, thank Ms Rachelle McConville, Sustainability Engagement Officer, for the very sound, always reliable and readily available support, which she so willingly provides to us.

The Alliance is still financially reliant upon Council for funding which means that we must continue to seek a means to generate income to support actions that can be taken to improve sustainability activities and knowledge in the wider community.
