About OWNA

“OWNA” is an exhibition of art works made out of waste products and materials. It aims to increase awareness of waste and to encourage its reuse in art works, to show that creative items can be made from things otherwise thrown away. Entries may be three dimensional (sculptures, functional items such as furniture, wearable items, etc.) and created predominantly from waste, or may be two dimensional (photographs, illustration, painting etc.) - reflecting waste in society.

Entries will be judged on

- Demonstration of recycling / messaging on the theme
