

PLASTIC

RUINING A BEACH NEAR YOU

NSW Minister for the Environment

The Hon. Mark Speakman SC MP, GPO Box 5341, Sydney NSW 2001

Dear Minister Speakman,

Plastic does not go away. We must act now to stop plastic getting into our waterways.

These four key actions are needed to reduce plastic pollution entering Australia's marine environment by 70%:

- A world-class '**Cash For Containers**' system *coming July 2017*
- A ban on single-use **plastic bags** *when?*
- A ban on products containing **microbeads** *when?*
- Enforcement of industrial microplastic pollution laws *when?*

Thank you for announcing Container Deposits are coming to NSW.

When will your government take action on the next three steps?
